

# Accelerated Pre-K

(for 4 Year Olds)

B.E.S.T. Learning Center is very proud to present an Accelerated Full Day Pre-Kindergarten Program. This innovative class offers a faster paced Pre-Kindergarten curriculum that ventures into a Kindergarten curriculum. Our Accelerated Pre-K Class can provide your child with a more challenging, well rounded curriculum. The school year begins with our comprehensive Pre-K curriculum but since this class meets 5 days a week on a full time basis and is made up of some of our brightest students, that have scored high enough on our Pre-K screening, by mid-year the Pre-K curriculum will be completed and the class will delve into our Kindergarten curriculum.

*That includes the excitement of:*

**Reading Groups:** Utilizing a balanced literacy program, sight words and word families;

**Math:** Concepts such as number recognition, measurements, shapes, time, money, simple addition and subtraction.

**Sign Language, Art, Science, Social Studies, Self - Help Skills, Health and Safety**

**Dance/Movement/Music/Gym:** Daily with our private Instructor encompasses physical education and music appreciation. It includes music, many different styles of dance, parachute play, sports, games, drama activities on our stage, hand held instruments, tumbling and lots of activities to encourage and enhance gross motor skills!!

**Spanish:** Our Spanish teacher goes to the classroom twice a week. Our curriculum includes words, phrases, Spanish bingo, various games, songs and activities that are all designed to teach and expose our children to the excitement of speaking a new language. Magnifico!

**Computer Class:** Our computer teachers give the children individual instruction daily. Programs and games coordinate thematically. Basic computer handling, fine motor skills and coordination are all enhanced through this activity.

**Cooking Projects:** Added to the lessons to give the children a fun and delicious way of learning. We encourage each child to develop his or her own personality and special qualities and to become confident, self-assured, happy students.

Offering your child our Accelerated Pre-Kindergarten program can enhance your child academically and socially to give him or her that extra advantage as they continue their education and enter Elementary school.
